Global POS Software

Global POS Software Landscape Evolving Rapidly - Are You Positioned For Growth?

Unified Commerce Integration Creates Complex Competitive Landscape

- The shift to unified commerce is fundamentally transforming POS requirements, with flexible, forward-looking solutions essential for retail and hospitality operators to deliver seamless customer experiences
- Without comprehensive global market intelligence, vendors struggle to understand where growth opportunities exist in this rapidly evolving competitive landscape
- Vendors with superior market insight are strategically positioning their solutions for omnichannel success while others operate with incomplete market visibility

Detailed Global Analysis Drives Market Success

- Comprehensive analysis across nearly 50 countries reveals market trends and competitive positioning essential for strategic planning in the evolving omnichannel retail environment
- Accurate performance benchmarking by geography and customer segments enables precise identification of growth opportunities and optimal resource allocation for maximum market impact
- Authoritative market intelligence supports both regular strategic planning and critical ad-hoc decisions, while providing credible validation of your market position to prospects and stakeholders

Unmatched Methodology: Data You Can't Find Anywhere Else

QUANTITATIVE BASELINE

- Draw on our established history of retail technology research
- Unparalleled POS software market database with c.6k records of major retail and hospitality chains

TRIANGULATION & VALIDATION

- Accuracy of data verified using two decades of historical market data on POS hardware
- Data analysed by country, vendor and eight customer subsegments across grocery/general merchandise/hospitality

PRIMARY RESEARCH

- Key quantitative information solicited from industry suppliers
- Insights on latest projects obtained from qualitative calls with country experts
- Analysis of market presence of >120 vendors

SECONDARY RESEARCH

- Primary data complemented by extensive secondary research
- Analysis of annual reports and financial filings
- Press releases plus specialist and mainstream media leveraged for insights on major projects
